Compliance - Legally compliant?	No
Compliance - In accordance with the Duty to Cooperate?	No
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	I consider the unsound plans to "initially build on brownbelt land" and then move onto greenbelt fails to comply with the duty to co-operate. This is due to the whole community protesting and objecting to building on the greenbelt numerous times and collectively feeling like our voices are not being listened to. Additionally revoking greenbelt titles and giving parks a greenbelt title in its place should not be acceptable, it is clearly an attempt to create a loophole to justify the unwanted housing development. I have only seen planning development in place for greenbelt spaces. It seems clear from my view point that you are not "prioritising brownbelt".
	Greenbelt land should not be a viable option for building/development of housing for a multitude of reasons, such as; wildlife habitat (the land belongs to the wild animals before us, it is their home), Tree protection (tree"s absorb co2 and produce oxygen - we should be focusing on planting more not chopping existing tree"s down), good for the environment (we need to keep and protect our nature spaces), mental wellbeing (breathing space of fresh clean air, and it has been proven that being in and around nature improves mental health) and of course physical health and exercise.
Redacted modification - Please set out the modification(s) you	I recommend that a strict ban on building on greenbelt land be put into place and to only build on brownbelt/repurpose old derelict buildings/unused housing/old mills etc.
consider necessary to make this section of the plan legally compliant	Imagine an old deteriorating unused mill being made into apartments which would have a beautiful view of greenbelt land!
and sound, in respect of any legal compliance or soundness matters you have identified above.	The housing which is being planned to build on greenbelt land is not even affordable. You will end up ignoring the communities objections to building on greenbelt, and do it anyway then the houses will be vacant on flood risk land and it will all be a huge waste of money and time and yet another natural space destroyed.

Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	Do not build on greenbelt land - all of these plans seem to be on greenbelt spaces!? Also do not release greenbelt land this land should be still protected as green
	250+ objections to build on greenbelt land previously inputted - these have not changed, we have multiple facebook groups in regards to saving greenbelt land - the crimble one alone has over 500 members. We all collectively object to the plans to build on any greenbelt land.
	This Land in particular as a local neighbour to it I know how much it is appreciated by all. It is wildlife habitat for deer, birds, foxes and amphibians etc. It vastly improves mine and others mental wellbeing and physical health by exercising on it and taking in the beautiful view and fresh clean open air surrounded by nature.
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	Use brownbelt land as the only option (this includes disused buildings like old mills etc.) not greenbelt or 'released' greenbelt for that matter.
