Please be as precise as possible.	Building another 1100 homes in this area which is already struggling with poor infrastructure, will lead to excessive levels of pollution due to the number of cars coming onto already grid locked roads. Every day of the week the local area is very busy with traffic with poor links to the M62 motorway. We have also seen high demand for school places, with some local children not getting into schools on their doorstep due to high applications. The busway is also not a viable option for people to use, my daughter REDACTED TEXT regularly has to watch busses drive past full up. In short the area is heavily congested and the roads can not cope.
