| Compliance - Legally compliant? | No |
| Compliance - In accordance with the Duty to Cooperate? | No |
| Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible. | Consultation methods have been poor, especially as we are now in a high-tech world. There has been little on the TV or Radio, sporadic leaflets/newsletters posted to residents in the specific areas concerned, younger adults have no clue about what will happen to their future area because they have not been approached for consultation ie universities and high schools, and very few business owners have been asked for their views. Little respect for the fact that not all the land in the proposals is actually "available" for the local authority to use in its plans. |
| Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above. | Data regarding numbers and types of consultations need to be clearly displayed and 'unbias' |

| Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible. | Legal or not - the railroad attitude of grabbing land which is in private ownership does seem to be a desperate measure !! What is the data on approaches to private owners with offers to purchase their land or do you have any evidence that call-outs have been made to landowners who may wish to offer their land ? |

| Compliance - Legally compliant? | No |
| Compliance - In accordance with the Duty to Cooperate? | No |
| Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible. | The majority of this land is in private ownership and does not belong to the Council. It is productive farmland with crops produced every year. The rural nature of this land has wildlife thriving on it including the Brown Hare which is Protected in the UK under the Wildlife and Countryside Act, 1981. Priority Species under the UK Post-2010 Biodiversity Framework. Also regularly seen are Red Legged Partridge and other bird species as the land is bordered by hedges/shrubs and in some areas there are mature trees. The biodiversity of this land and how it managed by the owner is a key factor not considered by this pan. |
| Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above. | <p>Sound studies need to be done on the ecological status of the wildlife that live/breed on this rural patch of land. I can recommend TEP - The Environment Partnership who provide various services and in particular Landscape and Visual Impact Assessments (LVIA). Through LVIAs, TEP are able to work with clients to address landscape and visual impact issues at an early stage, ensuring proposals work within the landscape setting, deal effectively with any constraints and are visually acceptable. A project which works with the landscape character of the area is more likely to be acceptable at a local level and to local planning authorities.</p> <p>There are numerous parcels of 'brownfield' areas with basic existing infrastructure which would be better suited to redevelopment. These must be considered first.</p> |
