Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	<p>There is a large number of unused factories, warehouses and spaces which have already been destroyed by companies looking to destroy the environment for personal financial gain. There is absolutely no need to destroy our final green space.</p> <p>In a time where a worldwide pandemic is rife it is more important than ever for people to realise the health benefits of maintaining our green belts. By allowing companies to destroy the environment for personal financial gain you are only acting as part of the problem for all future generations to live with. Housing organisations do not need our greenbelt more than the wildlife, residents of Bamford and Norden or the planet.</p> <p>With the current goals to become a carbon neutral country failing miserably, building on our last piece of greenbelt will only make things significantly worse.</p>
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	Remove JPA 19 Bamford/Norden from the PfE.
