Soundness - Positively prepared?	Unsound
Soundness - Justified?	Unsound
Soundness - Consistent with national policy?	Unsound
Soundness - Effective?	Unsound
Compliance - Legally compliant?	Yes
Compliance - In accordance with the Duty to Cooperate?	Yes
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	<p>Not justified, not positively prepared & not consistent :-</p> <p>Green belt:- Ample brownfield sites are available, ie the derelict Oakenrod School site which is closer to town amenities + others available. Our green belt is needed for exercise/ sports.</p> <p>Traffic:- The roads are already at breaking point, producing CO2. The proposal for a one way system will increase this air pollution, specifically on War Office Road where I live and so do a lot of elderly people.</p> <p>Schools:- Already overcrowded& difficult to obtain a place.</p> <p>Doctors:- Our surgery is already the busiest in Rochdale, difficult get an appointment, either in person or via the telephone.</p> <p>Housing:- It is ridiculous to build on our valuable greenfields and build "executive" houses for people with multiple cars. How does this equate to building homes for working class people as is required by the government ?</p>
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	<p>The GM Council should scrap this ill thought out chicanery and build houses for working class people on Brownfield sites, of which there are plenty within the Rochdale area.</p> <p>JPA 19 Bamford / Norden should be removed from the PFE.</p>
