<b>Type</b>	Web
<b>Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.</b>	Why have the dredging of the rivers and canals stopped. The river bed is rising so the rivers hold less water. This in turn leads to flooding in areas that rarely saw this problem in the past due to the maintenance of the rivers and river banks and the regular maintenance of the sewer network.

Places for Everyone Representation 2021

<b>Soundness - Consistent with national policy?</b>	NA
<b>Soundness - Effective?</b>	NA
<b>Compliance - Legally compliant?</b>	NA
<b>Compliance - In accordance with the Duty to Cooperate?</b>	NA
<b>Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.</b>	The current infrastructure of the area is already struggling to cope with the demands of the existing population. The roads are congested at rush hour. The amenities are not sufficient to sustain the additional people who would move into the area. Building houses in close proximity to each other without sufficient outside space for cars and leisure would effect the mental health of the current and future residents of the area.
<b>Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.</b>	Improving the existing infrastructure should be priority to provide quality of life for the current residents. Grants to help home owners improve and bring housing up to modern standards should be made available to all, even if they are not on benefits. I have worked and paid my way all my working life but cannot afford to improve my home as my outgoings on essential costs for living keep rising. I am not eligible for benefits but I fund the lives of those on Universal Credit via my taxes.
