Please be as precise as possible.	The land planned is the only green space remaining in an already heavily congested area. As a local resident there are already limited green spaces. The roads and infrastructure ie schools, doctors, dentists is not in place to support this plan. The area does not have the facilities to utilise public transport as the busway is already oversubscribed and the local railway station at Walkden has no suitable car parking. It has not been positively thought out and without putting in the appropriate schooling, roads as mentioned this project cannot be justified.
