Compliance - In accordance with the Duty to Cooperate?	NA
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	<p>There is so much existing congestion already without the proposed building of a further 1100 houses.</p> <p>There is very little of the green belt left for the residents to enjoy and for children to play in.</p> <p>The traffic around the area is appalling and there are daily traffic jams leading to the East Lancs road. This is dangerous to school children getting to school and also for their health regarding the already dangerous levels of pollution.</p> <p>The schools and GP surgeries are already full to capacity.</p> <p>There has been no mention of improving the existing area to accommodate further building of houses.</p> <p>This is unsustainable.</p>
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	<p>Improve the road links and the access from Mosley Common and the surrounding areas to the East Lancs Road and the motorway network.</p> <p>Keep the green belt land and improve this for the recreation and enjoyment of the residents in the area.</p> <p>Maintain the wildlife safety of animals not only the farm animals but the wildlife who live on the fields.</p>
