<b>Title</b>	JPA 19: Bamford / Norden
<b>Type</b>	Web
<b>Soundness - Positively prepared?</b>	Unsound
<b>Soundness - Justified?</b>	Unsound
<b>Soundness - Consistent with national policy?</b>	Sound
<b>Soundness - Effective?</b>	Unsound
<b>Compliance - Legally compliant?</b>	NA
<b>Compliance - In accordance with the Duty to Cooperate?</b>	No
<b>Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.</b>	I feel that the infrastructure mentioned will not support 450 new "higher value" homes. These would bring possibly 900 cars on to the surrounding already congested roads and even with the so called "rapid transport between Heywood and Manchester" people would still need to get to Heywood thus causing more frustration to the travelling public.. These extra cars will not help with climate change, in fact it will do even more damage to the environment. therefore putting future generations into more danger. The schools and medical facilities are already overloaded with the diversity of the existing population.
<b>Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.</b>	JPA 19 Bamford/Norden should be removed from the from the pfe and furthermore existing green belt land should be treated as such in the future. Once this type of land has gone it can NEVER be brought back and this will be to the detriment of EVERYONE.  If more properties need to be built more investigation needs to be done of ALL brown field sites and once they have been completely exhausted another look of different possibilities should be undertaken i.e. refurbishment of existing properties that could be used for social housing. The proposed plans for JPA 19 Bamford/Norden do not alleviate the problem of homeless people, overcrowded homes or proper facility homes for disabled people.
