Soundness - Positively prepared?	Unsound
Soundness - Justified?	Unsound
Soundness - Consistent with national policy?	Unsound
Soundness - Effective?	Unsound
Compliance - Legally compliant?	No
Compliance - In accordance with the Duty to Cooperate?	No
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	Loss of countryside which is used by many people from the wider local area, congestion of traffic, which is already very heavy at peak times, along with the fact that if there houses are built, it puts in danger the playing fields which are widely used by an varied age range of people, especially the younger generation, whom we are encouraging to involve in sport, for their health and well being. Finally green belts were created for a reason, to make sure that there was open ground between villages and towns. There are other sites which could be used, one plot in particular off Bamford road where a school was demolished several years ago and has lain empty since, ideal for housing and there are many others which would provide more affordable homes, we do not need any more executive homes in Bamford.
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	The modification we are seeking is for JPA Bamford/ Norden to be removed from the Pffe.
