Compliance - In accordance with the Duty to Cooperate?	No
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	The vision for Greater Manchester has been planned without proper engagement or public consultation. Also the consultations have been designed in such a way that are difficult to respond to especially for residents with limited I T skills or digital access.
Redacted modification - Please set out the modification(s) you consider necessary to make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.	The plan needs to go back to Regulation 18 of the Town and Country planning act and be positively prepared with proper public engagement and consultation

Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	GMCA made the decision to move a poorly prepared plan forward to the publication stage of the town and country planning act even though major changes have been made to the plan since its last round of consultation. for example Stockport withdrew from what was the GMSF and Manchester City Council has had a 35% uplift to their housing targets to be met within that specific area. This means that this plan has changed significantly and therefore requires going back to proper consultation for residents directly affected to comment further.
