Title	Our Strategic Objectives
Type	Web
Our strategic objectives - Considering the information provided for our strategic objectives, please tick which of these objectives your written comment refers to:	1. Meet our housing need 8. Improve the quality of our natural environment and access to green spaces
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	The destruction of green belt land is unacceptable. Why it is necessary to destroy habitats for wildlife again is unbelievable as without biodiversity we would be a poor civilisation. No thought has been put into where the flora and fauna will survive once their habitats have been ravaged by unnecessary building.
Redacted modification - Please set out the modification(s) you consider necessary to	Think again about this ill-thought out plan. The proposed number of dwellings in the Bury area is stupid. Already places where I walked my dogs have been fenced off so they can no longer be accessed. As I said think again and reject the plan.

make this section of the plan legally compliant and sound, in respect of any legal compliance or soundness matters you have identified above.

Please be as precise as possible.	Absolute rubbish. How can you expect to protect and enhance natural and historic environments when you propose to destroy great swathes of green belt? Where are all the flora and fauna expected to go. Bury town centre? We saw what happened when a rare white deer was on Bootle Street - it was shot dead. There was no reason for that to happen but if more and more land is destroyed this will be a more frequent occurrence so you'd better get ready for wild animals in town centres or are you going to have them all shot?

Please be as precise as possible.	It destroys recreation land especially green belt which as we have all been told is beneficial to our mental health. On a personal note building houses where the plan suggests will destroy the view REDACTED TEXT and I strongly object to losing my great views.

Title	Bury - Green Belt Additions
Type	Web
Redacted reasons - Please give us details of why you consider the consultation point not to be legally compliant, is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.	None of the proposed minuscule green belt additions relates to my area. You are proposing to reduce the amount of green belt where I live with little evidence of where you intent to replace it. The amount of new green belt in Bury is laughable.
