Stage 2 Greater Manchester Green Belt Study

PfE 2021 SITE REFERENCES INSERT

The Places for Everyone (PfE) Plan uses allocation policy numbers that are different to those used in the Greater Manchester Spatial Framework (GMSF). The GMSF policy numbers (and in some instances the allocation names) were also different to the allocation references used by LUC in their original assessments. For consistency with those earlier assessment reports, the original LUC allocation codes are used in this addendum, but for ease of reference the table below sets out a comparison between the LUC Allocation references and names, the 2020 GMSF policy numbers and names, and the 2021 PfE policy numbers. The following map shows the allocation locations with their PfE Plan policy numbers.

District	LUC Allocation Ref	LUC Allocation Name	GMSF 2020 policy number	2020 GMSF / 2021 PfE Allocation Name	2021 PfE policy number
Cross Boundary	GM1.1	Northern Gateway: Heywood/Pilsworth	GMA1.1	Heywood / Pilsworth (Northern Gateway)	JPA1.1

Chapter 1

Changes to Green Belt Additions Assessment

Explanation of requirement for addenda to the GMSF 2020 evidence base

1.1 In November 2014, the AGMA Executive Board recommended to the 10 Greater Manchester local authorities that they agree to prepare a joint Development Plan Document (“Joint DPD”), called the Greater Manchester Spatial Framework (“GMSF”) and that AGMA be appointed by the 10 authorities to prepare the GMSF on their behalf.

1.2 The first draft of the GMSF DPD was published for consultation on 31st October 2016, ending on 16th January 2017. Following substantial re-drafting, a further consultation on the Revised Draft GMSF took place between January and March 2019.

1.3 On the 30 October 2020 the AGMA Executive Board unanimously agreed to recommend GMSF 2020 to the 10 Greater Manchester Councils for approval for consultation at their Executives/Cabinets, and approval for submission to the Secretary of State following the period for representations at their Council meetings.

1.4 At its Council meeting on 3 December Stockport Council resolved not to submit the GMSF 2020 following the consultation period and at its Cabinet meeting on 4 December, it resolved not to publish the GMSF 2020 for consultation.

1.5 As a joint DPD of the 10 Greater Manchester authorities, the GMSF 2020 required the approval of all 10 local authorities to proceed. The decisions of Stockport Council/Cabinet therefore signalled the end of the GMSF as a joint plan of the 10.

1.6 Notwithstanding the decision of Stockport Council, the nine remaining districts considered that the rationale for the preparation of a Joint DPD remained. Consequently, at its meeting on the 11th December 2020, Members of the AGMA Executive Committee agreed in principle to producing a joint DPD of the nine remaining Greater Manchester (GM) districts. Subsequent to this meeting, each district formally approved the establishment of a Joint Committee for the preparation of a joint Development Plan Document of the nine districts.

1.7 Section 28 of the Planning and Compulsory Purchase Act 2004 and Regulation 32 of the Town and Country Planning (Local Planning) (England) Regulations 2012 enable a joint plan to continue to progress in the event of one of the local authorities withdrawing, provided that the plan has 'substantially the same effect' on the remaining authorities as the original joint plan. The joint plan of the nine GM districts has been prepared on this basis. Consequently, the Plan is proceeding directly to Publication stage under Regulation 19 of the Town and Country Planning (Local Planning) England Regulations 2012.

1.8 Its content has changed over time through the iterative process of plan making, but its purpose has not. The Stage 2 Greater Manchester Green Belt Study formed part of the evidence base which was assembled to support the policies and proposals in the GMSF 2020. Given the basis on which the PfE has been prepared, the GMSF evidence base remains valid in relation to the PfE 2021. That said the Stage 2 Greater Manchester Green Belt Study has been reviewed and updated in the light of the change from GMSF 2020 to the PfE 2021 and, where appropriate, addendum reports have been produced and should be read in conjunction with the Stage 2 Greater Manchester Green Belt Study documents made available in October 2020.

Previous components of the Stage 2 Greater Manchester Green Belt Study

1.9 A study was undertaken in 2020 to assess the contribution to the Green Belt purposes that would be made by the addition of new Green Belt land proposed in the 2020 Greater Manchester Spatial Framework (GMSF) [\[See reference 1\]](#). Its intention was to inform the finalisation of the proposed Green Belt changes.

1.10 It forms part of Stage 2 of the Green Belt assessment process. Other elements of Stage 2, which are presented as separate reports, include:

- An assessment of the potential harm to the Green Belt that could result from release of land within the development allocations proposed in the Revised Draft (January 2019) of the Greater Manchester Spatial Framework (GMSF) [\[See reference 2\]](#) .
- An addendum to the assessment of allocations proposed in the 2019 GMSF. This considers the impact, in terms of harm to the Green Belt purposes from the release of land, of a number of changes to the proposed Allocation boundaries and areas of Green Belt release identified in the updated 2020 version of the GMSF [\[See reference 3\]](#)
- An assessment of the combined effect of proposed releases and proposed new Green Belt on the strategic functioning of the Greater Manchester Green Belt [\[See reference 4\]](#).
- An analysis of the potential to enhance the beneficial use of the remaining Green Belt in the vicinity of the proposed Allocations [\[See reference 5\]](#).

1.11 This report forms an addendum to the Contribution Assessment of Proposed 2020 GMSF Green Belt Additions. It provides an updated version of the Figure 1 map from the original report, amended to reflect the absence of any alterations to the Green Belt boundary outside of the PfE Plan area, and also several amendments to proposed allocation boundaries within the PfE Plan area. It should be read in conjunction with the above reports.

Content of this addendum

1.12 There are no changes in the PfE Plan to the Green Belt additions proposed in the 2020 GMSF. Therefore, the change to the boundary of the plan area has no impact on the contribution assessments provided in the original report for this area.

1.13 However, the reference codes for Green Belt additions within Tameside and Wigan have changed as follows:

Table 1.1: PfE Plan 2021 Green Belt additions reference changes

GMSF 2020 Addition Reference	PfE 2021 Addition Reference	Site name
GBA38	GBA31	Fox Platt, Mossley
GBA39	GBA32	Manor Farm Close, Waterloo, Ashton
