1. INTRODUCTION

1.1 This Annual Governance Statement sets out how the GMCA meets its governance standards detailed in the reviewed Code of Corporate Governance agreed for 2018/19 (elsewhere on the agenda). It also describes how it meets the requirements of regulation 6(1) of the Accounts and Audit Regulations 2015 in relation to the publication of an Annual Governance Statement to accompany the Annual Accounts.

1.2 Each year the GMCA publishes an Annual Governance Statement to accompany the Annual Accounts. The Statement provides an overall assessment of the GMCA’s corporate governance arrangements and how it adheres to the governance standards set out in this Code. Evidence relating to the principles of this Code is reviewed and analysed to assess the robustness of the GMCA’s governance arrangements.

1.3 This Statement includes an appraisal of the key controls in place to manage the GMCA’s principle governance risks and the effectiveness of systems and processes governing decision-making and financial control. The Statement also provides details of where improvements need to be made. Actions to address significant governance issues are identified and recorded in an action plan (appended to this statement). The Annual Governance Statement is reviewed by the GMCA’s external auditors as part of the audit of the annual accounts. The Statement has to remain as a live document until the GMCA’s Financial Statements are audited and approved by an appropriately authorised committee of the GMCA and will be updated as necessary and considered with the Authority’s Financial Statements.

1.4 Moving forward the Senior Management Team has agreed to establish a risk management group to oversee and update the GMCA corporate risk register and also lead the coordination and collation of content and evaluation for inclusion in the Annual Governance Statement for 2018/19. The group will meet six times a year, with four of these meetings to focus on risk management and the others to focus on the Annual Governance Statement.

1.5 The functions of the GM Police and Crime Commissioner transferred to the elected Mayor on 8 May 2017. The elected mayor is held to account by the GM Police and Crime Panel.

1.6 The functions of the GM Fire and Rescue Authority (GMFRA) transferred to the GMCA on 8 May 2017, with the GMCA becoming the GMFRA for the purposes of the Fire and Rescue Services Act 2004, and the elected Mayor responsible for discharging the functions of the Fire Authority.

1.7 The functions of the former Greater Manchester Waste Disposal Authority transferred to the GMCA on 1st April 2018, however, prior to its transfer GMWDA had the responsibility to produce separate financial statements. Its draft Annual Governance Statement was considered by the GMWDA’s Audit and Scrutiny Committee on 28th February 2018. Greater Manchester Waste Disposal functions will be included in the 2018/19 Annual Governance Statement.
2. LEGISLATIVE AND POLICY CONTEXT

2.1 The GM mayoral model has been developed to build on the governance arrangements that have evolved in GM since the county authority was disestablished in 1986. Rather than adding an additional tier of governance the GM Mayor acts as an 11th member of the GMCA, supported by a Cabinet involving all Leaders with clear portfolio responsibilities.

2.2 The Mayor chairs meetings of the GMCA and, following his election on 4 May 2017, has appointed two Deputy Mayors:

- Baroness Beverley Hughes as Deputy Mayor for Police and Crime;
- Sir Richard Leese, Leader of Manchester City Council has been appointed as Deputy Mayor of the GMCA.

2.3 On public service issues the GMCA members and the Mayor each have one vote, and policy will be agreed by a majority vote. The Mayor is required to consult the GMCA Cabinet on his strategies, which the Cabinet may reject if two thirds of members agree to do so. The GMCA Cabinet will also examine the Mayor’s (non Police and Crime) spending plans and again will be able to amend those plans if two-thirds of members agree to do so.

2.4 The Association of Greater Manchester Authorities (AGMA), originally established in 1986 following the abolition of the Greater Manchester Council, continues to meet (directly after GMCA meetings) to consider issues over which the GMCA has no statutory responsibility. In practice, some issues relate to the remit of both the GMCA and AGMA: in those instances a joint GMCA/AGMA meeting is held to consider relevant business. The membership of both the GMCA and AGMA consists of the elected Mayor and the ten local authority Leaders (directly elected Mayor in the case of Salford).

2.5 The GM Local Enterprise Partnership is a private sector-led voluntary partnership, with a core function to provide strategic leadership and private sector insight (alongside the GMCA) to help deliver the city region’s growth ambitions. The GM LEP jointly owns (along with the GMCA) the Greater Manchester Strategy and is responsible for providing strategic direction to ensure that the strategy is successfully delivered.

2.6 A range of non-statutory member-led committees and boards sit below the GMCA and LEP, with statutory and responsibility for overseeing work in relation to the various portfolios. GMCA/AGMA scrutiny arrangements were reviewed in 2016/17 with new arrangements now in place. Rather than one committee of 30 members three committees have now been established, each with 15 members, with responsibility for Corporate Issues and Reform; Economy, Business Growth and Skills; and Housing, Planning and Environment.
3. **POWERS AND RESPONSIBILITIES**

3.1 The functions of the GMCA fall into the following broad headings:

- Transport;
- Economic Development, Regeneration and Housing;
- Health;
- Police and Crime;
- Fire and Rescue;
- Waste Disposal – from 1st April 2018

3.2 **Transport functions**

3.2.1 These functions include:

- the development of policies for the promotion and encouragement of safe, integrated, efficient and economic transport to, from and within the Greater Manchester area;
- exercise of the functions required to implement those policies;
- preparation of a local transport plan (LTP); [NB: constituent councils also have a duty to carry out their functions to implement the GMCA’s policies and LTP]
- the appointment of the Director-General and Board of the Passenger Transport Executive (PTE) known as Transport for Greater Manchester (TfGM);
- the formulation of policies with respect to the provision, availability and convenience of public passenger transport services for the area and ensure that these are secured by TfGM;
- approval of concessionary travel schemes, ticketing schemes and quality partnership schemes;
- approval of new transport schemes to be funded by the Greater Manchester Transport Fund;
- approval of the transport budget and issue of the transport levy to constituent councils in respect of expenditure reasonably attributable to GMCA’s transport functions (which is not raised by other means).

3.2.2 Other powers include:

- the power to enter into agreements with constituent councils and Highways England for the construction, improvement and maintenance of roads;
- the power to give grants to bus operators; and
- when the Bus Services Act has been fully enacted the GMCA, as a Mayoral Combined Authority, will have enhanced powers in relation to buses.

3.2.3 Greater Manchester’s transport policies are set by the GMCA and the Transport for Greater Manchester Committee (TfGMC). TfGM then:

- implements the decisions made by the Combined Authority and the Committee to improve transport services and facilities in Greater Manchester;
- works to develop detailed plans and strategies to put those wider transport policies into action. TfGM coordinates transport plans, devises sustainable travel initiatives, and provides the information required to enable the GMCA and TfGMC to decide where to invest transport funding.
3.3 Economic Development, Regeneration and Housing

3.3.1 The Order that established the GMCA in 2011 gave the GMCA various economic development and regeneration functions, being functions of the constituent councils to be exercised concurrently with those councils.

3.3.2 The functions include:

- the power to promote and improve the economic, social and environmental well-being of the area;
- the promotion of tourism;
- consideration of housing needs and housing conditions in the area;
- local air quality management;
- post-16 education and training.

3.3.3 The Functions Orders made pursuant to the various devolution agreements give the GMCA a range of additional economic development and regeneration functions (including functions relating to housing, spatial planning, compulsory purchase, skills and training).

3.3.4 These new functions include:

- a duty to prepare and publish a spatial development strategy for GM;
- powers to provide, or facilitate the provision of, housing and infrastructure;
- powers to develop and regenerate land;
- powers to acquire land, compulsorily or by agreement;
- powers to designate areas of land as mayoral development areas leading to the establishment of mayoral development corporations (MCDCs);
- additional powers in relation to skills and training
- adult education (yet to be agreed)

3.4 Health

3.4.1 From April 2016, Greater Manchester received full devolution of all funding and decision-making for health and social care in GM and GMCA, concurrent with the duty on constituent Councils, now has a duty to take such steps as it considers appropriate to improve the health and wellbeing of people in Greater Manchester.

3.4.2 Devolution does not change the position of NHS services in GM in relation to the NHS Constitution and Mandate - all of the services will remain firmly part of the National Health Service. However, the new duty enables the GMCA to work in partnership with the constituent councils, Clinical Commissioning Groups and NHS bodies to better integrate health and social care provision across GM, improving outcomes for residents and ensuring the financial sustainability of the health and social care system within GM.

3.4.3 A Strategic Partnership Board, made up of representatives of the 37 partner organisations responsible for health and social care provision in Greater Manchester, is responsible for overseeing the £6bn health and social care budget.
3.5 Police, Fire and Waste Disposal functions

3.5.1 The functions of the GM Police and Crime Commissioner (GMPCC) transferred to the elected mayor on 8 May 2017. The statutory powers of the PCC can be delegated to the Deputy Mayor for Policing, with the exception of the duty to set a budget, the duty to prepare a Police and Crime Plan, and the appointment and removal of a Chief Constable. The Elected Mayor, Police and Crime is held to account by the GM Police and Crime Panel which now consists of representatives from each district with crime and anti-social behaviour responsibilities plus 2 independent members.

3.5.2 The functions of the GM Fire and Rescue Authority (GMFRA) transferred to the GMCA on 8 May 2017, with the GMCA becoming the GMFRA for the purposes of the Fire and Rescue Services Act 2004, and the elected Mayor responsible for discharging the functions of the Fire Authority. On the 27 April 2018, the Mayor subsequently decided to disestablish the Fire Committee.

3.5.3 The functions of the GM Waste Disposal Authority (GMWDA) transferred to the GMCA on 1 April 2018 and the GMWDA was abolished on that date. GMWDA functions are not exercisable in Wigan, which is its own waste disposal authority. The GMCA has decided to establish a new Waste Committee which will be formally constituted at the GMCA’s AGM in June.

3.6 Mayoral and non-Mayoral functions

3.6.1 All functions are GMCA functions, but some functions are only exercisable by the Mayor. Functions are deemed ‘non-mayoral’ unless specified in an Order or other enactment.

3.6.2 Powers only exercisable by the Mayor include:

- powers over strategic planning, including CPO powers and the power to establish Mayoral Development Corporations, and the power to create a statutory spatial framework for Greater Manchester (this will need the unanimous approval of the Mayor’s Cabinet and CPO and MDC powers require the consent of the Leader(s) of the relevant authority);
- control of the £300 million recyclable Housing Investment Fund;
- control of GM’s reformed earn back deal;
- preparation of a Local Transport Plan and supporting policies (subject to approval of at least 7 other GMCA members);
- responsibility for the role previously covered by the Police and Crime Commissioner and the GM Fire and Rescue Authority.

4. GREATER MANCHESTER STRATEGY

4.1 The refreshed Greater Manchester Strategy (GMS) was approved by the GMCA on 28th July 2017. The revised GMS is structured under 10 priorities which align with the GM Outcomes Framework and “living well in GM” work which allows us to more clearly respond to issues that cut across multiple policy and organisational boundaries.
4.2 The GMCA on 27th April 2018 approved a two-year Implementation Plan following a full engagement process with networks and partners from across the public, private and voluntary sectors in GM.

4.3 The two-year implementation plan acknowledges the many existing and developing GM strategies and plans are already being delivered, and therefore seeks to capture those areas of action where attention will be focused and that with the collective support from across the GM system can make a transformational difference to the achievement of the GMS ambitions and supporting targets.

4.4 The Implementation Plan is structured under ten refreshed GMS priorities, and the actions contained within it, and will form the basis of the work programmes for the CA Portfolio areas of responsibility. The Portfolio leads during 2018/19 will review portfolio governance and accountability (through scrutiny, audit and to the GMCA), to ensure that it is fit for purpose going forward.

5. SCOPE OF RESPONSIBILITY

5.1 The Greater Manchester Combined Authority is responsible for ensuring that its business is conducted in accordance with the law and proper standards. It is also responsible for ensuring that public money is safeguarded, properly accounted for and used economically, efficiently and effectively. The Authority also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised.

5.2 The GMCA must put in place proper arrangements for the governance of its affairs and effective exercise of its functions, which includes arrangements for the management of risk. The GMCA’s Code of Corporate Governance sets out how the GMCA operates, how decisions are made and the procedures which are followed to ensure that these are efficient, transparent and accountable to local people. Some of these processes are required by law, while others are a matter for the GMCA to choose.

5.3 The Code of Corporate Governance and the GMCA’s Constitution are reviewed annually to ensure they remain consistent with the principles of the Chartered Institute of Public Finance and Accountancy and the Society of Local Authority Chief Executives and Senior Managers (CIPFA/SOLACE) joint framework for delivering good governance in local government as updated in 2016.

5.4 The Annual Governance Statement will be certified by the GMCA Chief Executive and the Mayor, after consideration by the GMCA Standards Committee and the GMCA Audit Committee, before final sign off with the GMC accounts at the end of July.

6. THE PURPOSE OF THE GOVERNANCE FRAMEWORK

6.1 Corporate governance describes how the GMCA directs and controls what it does. Good governance provides the conditions for the GMCA and its partners to work
effectively, economically and ethically. The GMCA should carry out its functions in a way that demonstrates accountability, transparency, effectiveness, integrity, and inclusivity. Good governance will support the GMCA to pursue its vision and secure its agreed objectives.

6.2 The GMCA’s governance framework comprises the legislative requirements, principles, management systems and processes – including the GMCA’s Constitution, Operating Agreement and Protocols – and cultures and values through which the Authority exercises its leadership, fulfils its functions, and by which it is held accountable for its decisions and activities.

6.3 This Annual Governance Statement demonstrates how the GMCA is doing the right things, in the right way in a timely, inclusive, open, effective, honest and accountable manner.

6.4 The following sections of this document describe how the GMCA fulfils the requirements set out in the seven principles of good governance.

7. THE GOVERNANCE FRAMEWORK

7.1 A copy of the Local Code of Corporate Governance compliance assessment is included elsewhere on the agenda. It outlines where the GMCA is compliant and also areas where ongoing work is taking place to further improve overall compliance.

7.2 The GMCA’s framework is structured around 7 good governance principles set out in the 2016 CIPFA guidance which are:

a. Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law

b. Ensuring openness and comprehensive stakeholder engagement

c. Defining outcomes in terms of sustainable economic, social, and environmental benefits

d. Determining the interventions necessary to optimise the achievement of the intended outcomes

e. Developing the entity’s capacity, including the capability of its leadership and the individuals within it

f. Managing risks and performance through robust internal control and strong public financial management

g. Implementing good practices in transparency, reporting, and audit to deliver effective accountability

8. ANNUAL REVIEW OF THE EFFECTIVENESS OF THE GOVERNANCE FRAMEWORK

Head of Audit and Risk Management Annual Opinion 2017/18

8.1 The Head of Internal Audit and Risk Management provided a moderate assurance opinion on the adequacy and effectiveness of the governance, risk and control framework for GMCA. This was down from the substantial assurance opinion given in
2016/17. The report did note however that there were no critical or major issues identified and at the time there had been no limited assurance opinions issued during the year over the governance framework or systems of internal control being operated.

8.2 This opinion was consistent with feedback from engagement discussions with SMT and the Extended Leadership Team who demonstrated a clear awareness and understanding of these challenges and where development and improvement actions were underway. Without impacting the independence of Internal Audit these views were taken into account when reaching the assurance opinion, as were the emerging opinions from three reports into finance and corporate ICT systems that had not been finalised at the time of the annual opinion.

8.3 This opinion reflected the significant scale of change which had taken place and the level of ongoing development work which is required following the integration of bodies into the GMCA in April and May 2017 and the appointment of the GM Mayor. The scale of change and extent of the service integration programme ongoing within the GMCA did mean there was variation in standard systems of risk management, governance and control but there was a positive commitment, plans and capacity across the GMCA to address this during 2018/19. This was reflected in the subsequent publication of the three limited assurance opinions over finance and corporate ICT systems. These reports reflected the need for greater consolidation and consistency of approach and actions are being agreed to address these risks.

8.4 The report noted that 2017/18 had been a substantial period of change and that the process of ongoing transition and activity will remain a key area of focus as the GMCA continues with the integration programme, which included the transfer of GM Waste Disposal Authority functions from April 2018; a series of service reviews of operational and support functions; finalisation of business plans; and further development of integrated staffing structures.

8.5 Scrutiny and oversight arrangements had been embedded during 2017/18 with committee structures and other governance implemented during the year. This has provided a high level of oversight and challenge to both GMCA and GM Mayoral functions. A key priority for the GMCA Governance team is a review of the overall high level governance framework to ensure top tier committee structures roles, remits and delegated powers are aligned to scrutiny and oversight arrangements and supporting boards.

8.6 The GM Strategy was developed and approved in 2017/18 aligning both GMCA and Mayoral priorities with leadership roles and responsibilities assigned. A two year implementation plan has also been produced to support delivery of the GM Strategy and Mayoral priorities, albeit further work was required to ensure functional area business plans and risk management arrangements had a clear association to these in terms of key deliverables, resourcing, staff capacity and performance monitoring.

8.7 Organisational capacity and the resource to deliver against strategic initiatives and stated priorities remained a key risk and this was reflected in the corporate risk register (“CRR”). The potential affect on staff morale will be kept under review as the GMCA responds to the challenges of integration and cultural change. Work was well underway in this respect with organisational development activity and policy development and alignment having been progressed; this will be ongoing during 2018. Equally the recommendations arising from the Lord Kerslake report into the emergency response to the Manchester Arena attack needed to be addressed as part of the review of organisation culture and operations.
8.8 The development of the new GMCA Corporate Risk Register and emerging risk management and assurance framework was noted as critical to supporting the achievement of strategic objectives and providing ongoing assurance over the management of high level risks facing the GMCA. Actions have already been taken in this respect with the establishment of a Risk and Governance Group reporting to SMT from May 2018.

**Annual Review of the System of Internal Audit 2017/18**

8.9 The Internal Audit Service for the GM Combined Authority and Mayoral functions is led by the Head of Internal Audit and Risk Management for Manchester City Council under a collaboration arrangement which also includes Bolton Council. The Internal Audit Service for GMCA is predominantly provided by Manchester audit staff, and from 8 May 2017 this included three former Police and Crime Commissioner’s Office audit staff now employed by the GMCA who focus on police and crime audit work and report direct to the Head of Internal and Risk Management.

8.10 The review of effectiveness of Internal Audit confirmed risks in respect of resourcing as there was a significant under-delivery of planned audit work in 2017/18. This resulted from delays in progressing a collaborative audit structure across the three authorities and is a key priority for the GMCA Treasurer in 2018. Interim plans have been developed to address term resource requirements in 2018 pending completion of the structure review, approvals, consultation and implementation of proposed changes planned for completion later in the year.

**Annual Review of the Role and Responsibilities of the Chief Financial Officer (Treasurer)**

8.11 As part of its work on governance and financial management across public services, the Chartered Institute of Public Finance and Accountancy (CIPFA) issued its Statement on the Role of the Chief Financial Officer in Local Government (the Statement) in 2010. For the purpose of the GMCA’s Annual Governance Statement, the role of the Chief Financial Officer has been reviewed against the governance arrangements set out in the Statement, which are required to ensure the Chief Financial Officer is able to operate effectively and perform their core duties. Full conformance with these arrangements was confirmed.

9. **PROGRESS IN ADDRESSING THE CHALLENGES IDENTIFIED IN THE 2016/17 ANNUAL GOVERNANCE STATEMENT**

To refresh the GMCA’s Code of Corporate Governance to reflect the powers of the new Mayoral GMCA

9.1 A revised Code of Corporate Governance has been developed describing the Greater Manchester Combined Authority’s (GMCA) governance arrangements for 2016-17 as part of the Constitution. This code responded to the substantially changed
arrangements of the new CIPFA Local Governance framework published in 2016. A new code for the GMCA was produced for the Mayoral Greater Manchester Combined Authority and was approved as part of the GMCA’s new constitution at the Annual General Meeting in June 2017.

**To strengthen the GMCA’s approach to communications**

9.2 There have been significant developments in this area of the GMCA’s work, particularly establishing an integrated way of working for communications staff from Fire, Office of the Police and Crime Commissioner, the GMCA and Health.

9.3 An integrated team is now in place and work is continuing to develop both internal and external communications. The recommendations of the Member Scrutiny Working Group, reported on the 2016/17 AGS have been fully implemented.

**To strengthen risk management arrangements**

9.4 A Risk and Governance Group reporting to Senior Management Team has been developed and will oversee regular updates of the Corporate Risk Register and support production of the Annual Governance Statement; and monitoring of agreed improvement actions. This group will also act as the conduit to promote good risk management across GMCA functions and will be supported by the development of tools, guidance and training resources during 2018.

10. **AREAS TO BE REFLECTED FOR IMPROVED GOVERNANCE FOR 2018**

**Business planning and performance monitoring development work.**

10.1 The GMCA Business Plan for 2017/18 was produced and published on the website. Work is underway to develop the Plan for 2018/19 due to be published at the end of June. Performance monitoring and targets are included in the plan. In terms of performance monitoring of the GMS delivery this will be monitored via the Implementation Plan and reported through Scrutiny Committees and the GMCA.

**Embedding effective scrutiny and oversight, committee structure and work programmes.**

10.2 The GMCA Scrutiny Committees have been established and operational since July 2017. All 3 scrutiny committees meet on a monthly basis and have agreed work programmes which are reviewed at each meeting. Induction training for scrutiny members was undertaken and will be repeated annually as required to respond to any membership changes. Process for call in and terms of reference have all been agreed and have worked well during 2017/18.

10.3 The GM Police and Crime Panel was reconstituted in 2017 and holds the elected Mayor to account in relation to police and crime functions.

**Culture & values - integration of staff structures and work around alignment of roles and responsibilities including; developing staff capacity, improved staff communications.**
10.4 Good progress has been made across these issues in 2017 and work will continue through 2018.

In summary:-

- Integration of staff structures and alignment of roles – A Service Integration Programme was launched earlier this year, overseen by a Programme Board, chaired by the GMCA Chief Executive. This Board reports to the GMCA Resources Committee. An engagement strategy for staff has been agreed and staff involvement and information about the programme, support and other communications are being delivered via Extended Leadership meetings, team meetings, the intranet and individual staff meetings. The trade unions are also engaged in the programme.

- Following the outcome of the Kerslake Review and recommendations, the Mayor has put in place a programme governance structure to oversee a transformation programme for the Fire and Rescue Service. The purpose of this programme is to establish a robust future delivery model for GMFRS. The programme will evaluate the current fitness for purpose of the whole organisation and its governance, proposing changes where appropriate and ensure that the future model is fit to adapt to future challenges which may face GMFRS.

- Staff communications – an intranet for staff was established during 2017; regular staff bulletins are being released; there have been a series of ‘Getting to know you’ events held during 2017 and the Chief Executive does regular updates and VLOGs. Work is continuing to develop ideas on continuously improving communications based on staff feedback.

- Organisational Development Strategy – Work started in 2017 to develop an OD Strategy for the organisation and there has been a significant engagement with staff teams and senior managers in developing the strategy. A draft strategy is now being finalised for consultation with staff during this month before final endorsement. The strategy will cover the period 2018 – 2020.

Information governance and GDPR readiness

10.5 In line with the requirements of GDPR a Data Protection Officer (DPO) has been appointed ahead of the deadline of 25 May 2018. A senior level group is operating to oversee the ongoing work to ensure GDPR compliance within the foreseeable future.

Strengthening of SMT and appointment of a dedicated Monitoring Officer role

10.6 SMT now meets on a weekly basis chaired by the Chief Executive. The GMCA appointed a full time Monitoring Officer at its January 2018 meeting.

Audit Assurance Arrangements

10.7 As noted above progress is required to implement arrangements to ensure the adequacy and effectiveness of internal audit for 2018/19. Interim resources are being
secured pending approval and implementation of either a collaborative audit structure to realise the benefits of joint arrangements with Manchester City Council and Bolton Council; or a stand alone GMCA service. A review report will be finalised and provided to the GMCA Treasurer and this will inform next steps and timescales for the implementation of strengthened arrangements.

11. CORPORATE RISK REGISTER AND ASSURANCE FRAMEWORK

11.1 The GMCA’s Corporate Risk Register “CRR” was reviewed and updated to reflect the key strategic risks facing the new Mayoral Combined Authority created in May 2017. This was the first refresh of the GMCA CRR post transition, and took into account the GMCA and Mayoral responsibilities including GM Fire and Rescue Service, and former Office of the Police and Crime Commissioner (“OPCC”) and New Economy.

11.2 The GMCA CRR together with the development of the risk strategy that defines the overall approach to risk management across the GMCA was presented to the Audit Committee in January 2018 and approved by Senior Management Team in April 2018. The risk strategy and framework outlines the process for the recording and reporting of risk across the organisation and will be supported by SMT, the GM Mayor’s office and a new Corporate Risk Management Group which will have responsibility for quarterly review and update of the GMCA CRR on behalf of SMT. The group will also have responsibility for the review and update of the Annual Governance Statement.

11.3 The GMCA risk framework acknowledges that the GMP Chief Constable is a Corporation Sole and that the Chief Fire Officer and Chief Executive of Transport for Greater Manchester each operate and oversee existing risk management frameworks within GMFRS and TfGM respectively. It also acknowledges that the joint Police and Crime Audit Panel and TfGM Audit Committee each have separate responsibility for obtaining assurance over risk management arrangements. As such the GMCA risk management framework is designed to work alongside and not duplicate these existing risk management arrangements.

11.4 During 2018-19, further work is required to develop the wider assurance framework that sits alongside this and links to the delivery of the GMS strategy, business planning and performance monitoring processes.

Signed by…………………………………………………………………………………………………………………………

Andy Burnham, Mayor of Greater Manchester and Eamonn Boylan, Chief Executive on behalf of Members and Senior Officers of Greater Manchester Combined Authority.
## ANNUAL GOVERNANCE STATEMENT 2017/18
### A. BEHAVING WITH INTEGRITY, DEMONSTRATING STRONG COMMITMENT TO ETHICAL VALUES, AND RESPECTING THE RULE OF LAW

</thead>
</table>
| Implementing good practice in transparency | Writing and communicating reports for the public and other stakeholders in an understandable style appropriate to the intended audience and ensuring that they are easy to access and interrogate striking a balance between providing the right amount of information to satisfy transparency demands and enhance public scrutiny while not being too onerous to provide and for users to understand | - Narrative introduction to the annual accounts  
- Live streaming key meetings  
- Publication of a full suite of transparency data for wider GMCA function  
- In the next year the GMCA needs to consolidate process for Freedom of Information requests across the new mayoral GMCA  
- This will be addressed by the refreshed GMCA Communications Strategy |
| Implementing good practice in reporting | To publish an Annual report that sets out how the Authority has performance, charting city region’s progress towards delivering the vision | - Included in the narrative introduction to the GMCA Annual Accounts  
- GMCA Annual Performance Report  
- Police and Crime Annual Report |
| | To publish an Annual review that sets out the effectiveness of its governance framework including its system of internal control and an Annual Governance Statement which is published alongside its accounts | - Head of Internal Audit Annual Assurance opinion  
- Annual Governance Statement |
| Assurance and effective accountability | Reporting at least annually on performance, value for money and the stewardship of its resources | - Statement of Accounts  
- Annual Governance (Assurance) Statement  
- GMCA Unaudited statement of Accounts 2017-18 |
| | To ensure Members and senior management own the results | - Sign off of Annual Governance (Assurance ) Statement  
- Accounts by the Chair of Audit Committee and Narrative Report by the Treasurer  
- Approval of Statement of Accounts by Audit Committee |
| | To ensure robust arrangements for assessing the extent to which the principles contained in | - Annual Governance (Assurance) Statement  
- Annual review Code of Corporate Governance |

|                          | To ensure the performance information that accompanies the financial statements is prepared on a consistent and timely basis and the statements allow for comparison with other similar organisations | - Annual accounts process
- Key priority for 2017/18 is the production of a set of consolidated accounts for GMCA and early closedown and sign off timetable.
- New External Auditors (Mazzars) appointed from 1 April 2018. Ongoing dialogue between incoming and outgoing auditors to ensure smooth transition. |
|                          | To ensure that recommendations for corrective action made by external audit are acted upon | - External Auditor (Grant Thornton) Audit Findings Report
- Oversight by Audit Committee on 2017/18 final accounts process
- Debrief meetings have taken place with the External Auditor on the lessons learned from previous final accounts closedown issues.
- Actions taken to implement External Audit Recommendations will be reported as part of a combined audit recommendations tracker |
|                          | Ensuring an effective internal audit service with direct access to Members is in place which provides assurance with regard to governance arrangements and recommendations are acted upon | - Internal Audit Service provided to the GMCA by Manchester.
Restructure of this service due to be completed during 2018
- Annual Internal Audit Report sets out compliance with the Public Sector Internal Audit Standards (PSIAS). The Service provided by Manchester City Council was subject to External Quality Assessment in 2017 and was reported to Manchester City Council Audit Committee |
|                          | Welcoming peer challenge, reviews and inspections from regulatory bodies and implementing recommendations | - Self-assessment review of Manchester City Council Audit Service (who manage the GMCA’s audit function) which included an external peer review by Liverpool City Council. |
|                          | Gaining assurance on risks associated with delivering services through third parties and that this is evidenced in the annual governance statement | - Annual Governance (Assurance) Statement
- TfGM Audit Committee
- Police Audit Panel |

<td>Ensuring that when working in partnership, arrangements for accountability are clear and that the need for wider public accountability has been recognised and met</td>
<td>- The nature of the GMCA means that much of delivery is achieved through collaboration with GM partners including GMP, GMFRS, TfGM and GM Councils. Given the changes in the GMCA however a formal Partnership Working Policy will be developed 2017/18.</td>
