1 INTRODUCTION

- 1.1 2017 is an important year for the Greater Manchester Combined Authority (GMCA) as it prepares to take on significant new powers devolved from government set out in a series of [devolution agreements](#). The future governance of the combined area of Greater Manchester has been subject to a series of Parliamentary orders which set out the new powers of the GMCA and the elected mayor (implementing GM's devolution agreements). The GMCA's new powers came into force on the 1st April 2017, and the mayoral powers on the 8th May 2017. This Annual Governance Statement sets out how the GMCA meet its governance standards as set out in in [Code of Corporate Governance](#) agreed by the GMCA in February 2017¹. It also describes how it meets the requirements of regulation 4(3) of the Accounts and Audit [England] Regulations 2011 in relation to the publication of an Annual Governance Statement that accompanies the Annual Accounts.
- 1.2 Each year the GMCA publishes an Annual Governance Statement to accompany the [Annual Accounts](#) . The Statement provides an overall assessment of the GMCA's corporate governance arrangements and how it adheres to the governance standards set out in this Code. Evidence relating to the principles of this Code is reviewed and analysed to assess the robustness of the GMCA's governance arrangements.
- 1.3 This Statement includes an appraisal of the key controls in place to manage the GMCA's principal governance risks and the effectiveness of systems and processes governing decision-making and financial control. The Statement also provides details of where improvements need to be made. Actions to address significant governance issues are identified and recorded in an action plan. The Annual Governance Statement is reviewed by the GMCA's external auditors as part of the audit of the annual accounts. The Annual Governance Statement covers the period 2016/17 and up to date this statement is approved.

2 SCOPE OF RESPONSIBILITY

- 2.1 The Greater Manchester Combined Authority is responsible for ensuring that its business is conducted in accordance with the law and proper standards. It is also responsible for ensuring that public money is safeguarded, properly accounted for and used economically, efficiently and effectively. The Authority also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised.
- 2.2 In discharging these responsibilities, the Authority must put in place proper arrangements for the governance of its affairs and effective exercise of its functions, which includes arrangements for the management of risk. The GMCA's Code of Corporate Governance sets out how the Authority operates, how decisions are made and the procedures which are followed to ensure that these are efficient, transparent and accountable to local people.

¹ The GMCA's new Code meets requirements of the new CIPFA Local Governance Framework published in 2016

Some of these processes are required by law, while others are a matter for the Authority to choose.

- 2.3 The Code of Corporate Governance and the GMCA's Constitution are reviewed annually to ensure they remain consistent with the principles of the Chartered Institute of Public Finance and Accountancy and the Society of Local Authority Chief Executives and Senior Managers (CIPFA/SOLACE) joint framework for delivering good governance in local government (2012). CIPFA has issued a 2016 update to the Framework, which will be applicable for the preparation of the Annual Governance Statement (AGS) from 2016/17 onwards.
- 2.4 This AGS explains how the GMCA has complied with the Code of Corporate Governance. The AGS also meets the requirements of the Accounts and Audit (England) Regulations 2015 regulation 6(1) which requires all relevant bodies to prepare an Annual Governance Statement (AGS).

3 THE PURPOSE OF THE GOVERNANCE FRAMEWORK

- 3.1 Corporate governance describes how the GMCA directs and controls what it does. Good governance provides the conditions for the GMCA and its partners to work effectively, economically and ethically. The GMCA should carry out its functions in a way that demonstrates accountability, transparency, effectiveness, integrity, and inclusivity. Good governance will support the GMCA to pursue its vision and secure its agreed objectives.
- 3.2 The GMCA's governance framework comprises the legislative requirements, principles, management systems and processes – including the GMCA's Constitution, Operating Agreement and Protocols – and cultures and values through which the Authority exercises its leadership, fulfils its functions, and by which it is held accountable for its decisions and activities.
- 3.3 This Annual Governance Statement demonstrates how the GMCA is doing the right things, in the right way in a timely, inclusive, open, effective, honest and accountable manner.
- 3.4 The following sections of this document describe how the GMCA fulfils the requirements set out in the seven principles good governance.

4 THE GOVERNANCE FRAMEWORK

- 4.1 A copy of the Local Code of Corporate Governance compliance assessment is detailed at Appendix A of the report which outlines where the GMCA is compliant and also areas where ongoing work is taking place to further improve overall compliance.
- 4.2 It should be noted that due to the transition to the Mayor from 8 May 2017 certain areas where it is considered that the GMCA was fully compliant with the Code in the financial year 2016-17 will require improvement actions to ensure that the Mayoral GMCA, with its new powers, continues to improve its processes and associated outcomes in line with the aspirations of the expanded body.

- 4.3 The GMCA's framework is structured around 7 good governance principles set out in the 2016 CIPFA guidance which are:
- A. Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law
 - B. Ensuring openness and comprehensive stakeholder engagement
 - C. Defining outcomes in terms of sustainable economic, social, and environmental benefits
 - D. Determining the interventions necessary to optimise the achievement of the intended outcomes
 - E. Developing the entity's capacity, including the capability of its leadership and the individuals within it
 - F. Managing risks and performance through robust internal control and strong public financial management
 - G. Implementing good practices in transparency, reporting, and audit to deliver effective accountability

5 ANNUAL REVIEW OF EFFECTIVENESS OF THE GOVERNANCE FRAMEWORK

Head of Audit and Risk Management Annual Opinion 2016/17

- 5.1 Manchester City Council's Internal Audit and Risk Management Division manages the Internal Audit, Risk Management and Insurance service for the GMCA under a service level agreement. The Head of Internal Audit and Risk Management reports directly to the GMCA Treasurer and presents the annual GMCA audit plan and quarterly progress reports to the GMCA Audit Committee. The Head of Internal Audit and Risk Management was responsible for providing an independent assurance opinion on the adequacy and effectiveness of the GMCA's internal control arrangements for 2016-17.
- 5.2 The Head of Internal Audit and Risk Management provided a **substantial** assurance opinion on the overall systems of internal control being operated and the ongoing development of the governance, risk and control framework for GMCA.
- 5.3 Whilst no major control issues were identified during the year, there remained significant risks associated with the transition process as the GMCA moved toward the establishment of a new constitution, devolution of powers and integrated staffing structures and systems beyond April/May 2017. Significant progress was made within the four individual transition work stream areas of: Finance; HR; ICT; and Legal and the outcome of this work, which included lessons learned and outstanding areas for development will be used to inform the next stage of the transition process to be delivered this year.
- 5.4 Substantial work was undertaken to mitigate risks to delivery in each of these areas, and throughout the year this was overseen by the Transition Project Board. The work streams continued to demonstrate a positive direction of travel as the GMCA moved beyond the initial 'go live' stage on 1 April for other entities transferring into GMCA and 8 May 2017 for Office

of the Police and Crime Commission (OPCC) and Greater Manchester Fire and Rescue Service (GMFRS).

- 5.5 The audit opinion reflected on the size, complexity and scale of work required leading up to the 'go live' and the capacity and resource available which meant a more pragmatic and phased approach was adopted to delivery of transition work stream priorities. Further work is required to develop key requirements around premises, ICT, finance and people aspects and this will continue over the next 12–18 months as part of phase 2 of the transition process.
- 5.6 Work is ongoing to develop and implement an appropriate and effective governance and control framework for 2017/18 and beyond following the devolution of powers, changes to legal powers and election of the GM Mayor and to ensure an adequate infrastructure is in place to support the new GMCA integrated structure, including systems, policies, processes and ways of working.
- 5.7 The annual assurance opinion was based on audit activity conducted during 2016/17 and informed by other sources of assurance provided in year, including external audit.

Annual Review of the System of Internal Audit 2016/17

- 5.8 A self-assessment review was completed during 2016 of Manchester City Council Audit Service (who manage the GMCA's audit function) which included an external peer review by Liverpool City Council.
- 5.9 The self-assessment of Internal Audit carried out in 2016 confirmed that the service was considered to be meeting 89% of requirements in conformance with Public Sector Internal Audit Standards ("PSIAS") with a further 6% partly met. The self-assessment was used to inform an External Quality Assessment ("EQA") which was concluded in June 2017 as part of the reciprocal Core Cities External Quality Assessment programme. This review concluded that the Service complies with the main requirements of the PSIAS and made some recommendations for further service improvement.
- 5.10 During 2017-18 a full review and revision of the GMCA Internal Audit and Risk Management structure will be completed which will include ensuring that adequate staffing structure is in place for the delivery of audit and corporate risk management services to support GMCA, Police and Crime and GMFRS assurance requirements. In May 2017 three audit staff from OPCC transferred into GMCA working directly to the Head of Internal Audit and Risk Management to provide ongoing assurance in respect of Police, Crime and GMP functions. Following review of future assurance requirements across the GMCA a draft proposal will be provided to the GMCA treasurer for consideration in September and onward to Audit Committee for consideration. Pending the outcome of this review and approval of structure, additional resources will be secured to support the delivery of audit plans and refresh of the risk management framework.

Annual Review of the Role and Responsibilities of the Chief Finance Officer (Treasurer)

5.11 As part of its work on governance and financial management across public services, the Chartered Institute of Public Finance and Accountancy (CIPFA) issued its Statement on the Role of the Chief Financial Officer in Local Government (the Statement) in 2010. For the purpose of the GMCA's Annual Governance Statement, the role of the Chief Financial Officer has been reviewed against the governance arrangements set out in the Statement, which are required to ensure the Chief Financial Officer is able to operate effectively and perform their core duties. Full conformance with these arrangements was confirmed.

6 PROGRESS IN ADDRESSING THE CHALLENGES IDENTIFIED IN THE 2015-16 ANNUAL GOVERNANCE STATEMENT

To refresh the GMCA's Code of Corporate Governance to reflect the powers of the new Mayoral GMCA

6.1 A revised Code of Corporate Governance was approved at January 2017's Audit Committee describing the Greater Manchester Combined Authority's (GMCA) governance arrangements for 2016-17 only, as part of the Constitution. This code responds to the substantially changed arrangements of the new CIPFA Local Governance framework published in 2016. A new code for the GMCA was produced for the Mayoral Greater Manchester Combined Authority and was approved as part of the GMCA's new constitution at the Annual General Meeting in June 2017.

To strengthen the GMCA's approach to communications

6.2 There has been significant developments in this area of the GMCA's work, particularly establishing an integrated way of working for communications staff from Fire, Office of the Police and Crime Commissioner, the GMCA and Health.

6.3 The Greater Manchester Scrutiny Pool established a task and finish group to review the GMCA's approach to communications. Their review has now concluded and their [completed report](#) on the GMCA's website. One of the task and finish group's recommendations was to strengthen member and staff engagement. A specific element, raised by elected members as part of the scrutiny work, was to produce some documents designed to help Councillors across Greater Manchester to engage with local communities about devolution and the GMCA. This work stream has recently been completed thanks to some funding made available to the GMCA by the Local Government Association (LGA) who have produced a range of materials including a PowerPoint presentation, timeline and infographic showing how things work in simple terms. These [resources](#) can be accessed via the GMCA website www.greatermanchester-ca.gov.uk.

Strengthened and expanded scrutiny arrangements

6.4 The GMCA has established a working group to consider future arrangements for GMCA's scrutiny function. The group's work focussed on the following areas:

- **Structures** – To consider what would be the most effective structures to help members from across GM to scrutinise the policy and decisions of the GMCA and elected mayor;

- **Powers** – To review scrutiny’s current powers to ensure that the proposed new arrangements allow GM’s scrutiny members to provide meaningful challenge and proper checks on the decisions taken by the elected mayor and the GMCA;
- **Legal Compliance** – To ensure that GM has a scrutiny function compliant with the provisions of the Cities and Local Government Devolution Act 2016 (including any compliance with the recently approved Statutory Instrument Combined Authorities (Overview and Scrutiny Committees, Access to Information and Audit Committees) Orders 2017) by the Secretary of State under the Act);
- **Health Scrutiny** – To develop proposals on how the scrutiny of health and social care should be configured to allow meaningful involvement of members while recognising that no additional decision making powers are moving from the NHS to the elected mayor or the GMCA;
- **Officer Support** – To consider how the new scrutiny arrangements could be best supported by officers.

6.5 The group’s proposals for the following three themed scrutiny committees :

- Corporate Issues and Reform Overview and Scrutiny Committee
- Economy, Business Growth and Skills Overview and Scrutiny Committee
- Housing, Planning and Environment Overview and Scrutiny Committee

were incorporated into the GMCA’s new constitution and agreed in the GMCA’s Annual Meeting in June 2017.

Corporate Risk Register and assurance mapping

- 6.6 The GMCA’s Corporate Risk Register was reviewed and updated by senior officers including the GMCA Treasurer, Monitoring Officer and Deputy Head of Paid Service and remained a standing agenda item at Audit Committee. During the year, any specific risks relating to the integrated transition process into the Mayoral Combined Authority were reviewed by the Transition Board which had its own programme risk and governance arrangements.
- 6.7 An initial assurance mapping exercise was completed in early 2016 to reflect core GMCA functional activities, however, a report to Audit Committee in April 2017 acknowledged that this would require a fundamental review and refresh to reflect changes to the new structures, delegated powers and responsibilities of the GMCA beyond April/May 2017.
- 6.8 A working group has been set up to look at establishing a coordinated framework which adequately reflects the risk and assurance requirements of the wider GMCA and GM Mayoral responsibilities. This group will be supported with external resource to ensure a robust risk management framework is in place and builds on the existing strong risk management arrangements in place across police and crime, fire and transport functions

7 FUTURE IMPROVEMENTS TO GOVERNANCE ARRANGEMENTS

- 7.1 In the period between April 1 and June 30 2017 a fully revised constitution together with the associated policies, procedures, protocols has been devised to reflect the GMCA’s

- new organisational structure (namely the incorporation of the functions of the GM Fire and Rescue Service and the functions of the Office of the Police and Crime Commissioner after May 8 2017), and;
 - the associated committee structures which will address the key governance challenges of the new entity. These revised committee structures included revised audit and scrutiny committee structures.
- 7.2 Details of the major changes in the constitution are included in the [report](#) that accompanied the constitution. The new constitution was adopted at the GMCA’s annual meeting in June 2017.
- 7.3 The annual opinion of the Head of Audit noted that there remain risks associated with the GMCA’s transition work. The work on developing the new GMCA constitution has addressed the main current governance challenges, but this work will need continual review as further Orders are laid before Parliament.
- 7.4 There remain several high priority areas of development work, particularly around finance systems and processes, which will continue throughout 2017-18 as part of phase 2 of the transition process. Given the complexity and scale of work required, effective governance over transition work stream activity and project deliverables is critical whilst ensuring there is adequate resource and capacity available to support successful implementation of these areas.
- 7.5 There remain a number of key challenges that were identified during the early stages of transition and in preparing for ‘go live’ and beyond. The size, complexity and scale of work required and the level of resources required has meant a more pragmatic approach being adopted with a ‘softer’ and phased approach to transition. More work is required to develop key requirements and this will continue over the next 12–18 months with focus on the following areas;

Human Resources

- The creation of an electronic system for recording expenses and mileage;
- Implementation of annual leave and sickness recording system;
- Recruitment and vacancy management; and
- GMCA structures built

Finance

- Development of the finance system including but limited to the asset register, balance sheet integrity and additional self-service / digital processes application;
- Production of a consolidated Treasury Management Strategy and integrated cash-flow statement;
- Banking arrangements to ensure all relevant officers have access to view accounts and signatories have been amended as required;
- Joint VAT and CIT returns being developed by working closely with GMP officers and Partial Exemption Model developed;
- Develop medium term financial strategy including the approach to setting the 2018/19 budgets for the Mayor and GMCA;

- Preparation for consolidation of 2017/18 accounts; and
- Integrated reporting of transparency financial information.

Digital

- System to support management of mayoral correspondence;
- Review of multi-agency Sharepoint site, hosted by Wigan Council; and
- Review of Modern.gov to support GMCA and Greater Manchester Waste Disposal Authority (GMWDA).

Premises

- Facilities Management presence to be explored;
- Room booking system to be implemented; and
- Business support team to be formalised and reception coverage to be clarified.

7.6 A report presented to GMCA Standards Committee in November 2016 outlined the requirement to have a single counter fraud strategy and overall approach for the GMCA to protect against fraud and loss of public funds. The development of the strategy and counter fraud policy refresh including revised whistleblowing reporting arrangement and counter fraud training for officers remains a vital part of the GMCA's governance arrangements.

Fire Committee / Governance / Statement of Accounts

7.7 The Greater Manchester Combined Authority (GMCA) (Fire and Rescue Functions) Order 2017 was made on the 24 March 2017. The Order provides that on 8 May 2017 fire and rescue functions transfer to the GMCA and that they are exercisable by the elected Mayor. The arrangements allow the Mayor to appoint a committee of up to 15 members from the Greater Manchester constituent councils to exercise fire and rescue functions, subject to certain non-delegable matters. The Order provides for the abolition of the Greater Manchester Fire and Rescue Authority on 7 May 2017 and for the property, rights and liabilities of the Authority to be transferred to the GMCA.

7.8 The functions were duly transferred with effect from 8th May 2017. As a result the requirement of the Local Audit and Accountability Act 2014 to prepare a statement of accounts for year ending 31 March was modified to prepare a statement of accounts for the period 1 April 2016 to 7 May 2017. At that date all staff, properties, rights and liabilities transferred to the Greater Manchester Combined Authority. As the functions of Greater Manchester Fire and Rescue Service (GMFRS) will continue, the accounts have been prepared on a going concern basis.

7.9 In future years the Financial Statements relating to the Fire and Rescue Service will form part of those of Greater Manchester Combined Authority. The Fire and Rescue Service will continue to provide its services as it does now but will no longer be an entity in its own right.

Manchester Arena Terror Attack

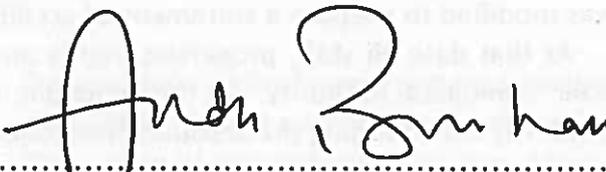

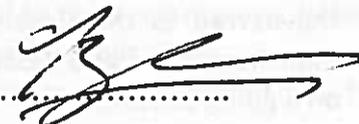

- 7.10 A range of articles have been reported in the media relating to GMFRS' response to the Manchester Arena Terror Attack. It is reported that there was a delay in committing FRS resources to the incident. In response to the coverage the Mayor of Greater Manchester has committed to undertaking an independent review of the event and how our resources were utilised.
- 7.11 Lord Bob Kerslake has been appointed as chair of the review by the Mayor of Greater Manchester Andy Burnham in July 2017 and will lead a panel looking at how prepared the city was and its response. Four further experts have also been appointed to the panel, which is expected to publish its initial findings in January 2018, with a final report and any recommendations expected a few months later in April 2018.

Grenfell Tower Fire

- 7.12 A range of articles media reports relating to Greater Manchester's response to the Grenfell Tower Fire. The mayor of Greater Manchester has asked Greater Manchester Fire and Rescue Service to give 'reassurance and advice' to residents living in all high-rise accommodation, and a Task Force has been up by the Mayor, headed by City Mayor of Salford, and comprising of the fire service, councils and landlords.

Office of the Police and Crime Commissioner / Governance / Statement of Accounts

- 7.13 Similar arrangements were put in place for the transfer of the functions of the Office of the Police and Crime Commissioner. The Greater Manchester Combined Authority (Transfer of Police and Crime Commissioner Functions to the Mayor) Order 2017 (no 470) provides that on 8 May 2017 the Police and Crime Commissioner functions transfer to the GMCA and that they are exercisable by the elected Mayor. The Order provides for the abolition of the Office of the Police and Crime Commissioner on 7 May 2017 and for the property, rights and liabilities of the Office to be transferred to the GMCA.
- 7.14 The functions were transferred with effect from 8th May 2017. And as for Fire, the Local Audit and Accountability Act 2014 has required the preparation of a statement of accounts to cover an extended period from 1 April 2016 to 7 May 2017. At that date all staff, properties, rights and liabilities transferred to the Greater Manchester Combined Authority. As the functions of the Office of the Police and Crime Commissioner will continue, the accounts have been prepared on an ongoing concern basis.

Signed by..........

Andy Burnham, Mayor of Greater Manchester and Eamonn Boylan, Chief Executive on behalf of Members and Senior Officers of Greater Manchester Combined Authority.
