

GET ONLINE GREATER MANCHESTER: FOR CARE LEAVERS

In Greater Manchester we have high ambitions and aspirations for our care leavers, and we want to ensure that everyone whatever their age, location or situation, can benefit from the opportunities digital brings. Below are some of the ways we are supporting our care leavers across the region.

Greater Manchester digital inclusion initiative

A package of support including access to free data connectivity for 12 months, devices and digital skills training

Loaning or purchasing a device

Need a laptop or tablet? Many device loaning, or subsidised device schemes, exist across Greater Manchester.

Support with digital skills

Would you like to improve your digital skills? There's lots of digital skills training and resources on offer across Greater Manchester for anyone wishing to improve their digital skills.

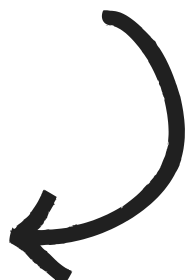

Skills Bootcamps

Giving people aged 19+ the opportunity to build skills through fully-funded and flexible courses. Courses on offer can include games development, cyber security and data analytics.

Money Matters

An online course you can access at home! Available for 18-25 year old care leavers to help with money management skills, prioritising spending, budgeting, credit, savings and more!

Scan the QR code and complete the form, a member of the relevant team will contact you directly. You could also discuss these initiatives with your personal advisor.
